SERHII NABOK

Strategic Advisor on Ukraine | Defence, Government & Communications

Lisbon, Portugal | Available for international advisory engagements

Executive profile

Strategic advisor and communications executive with 15+ years of experience across Ukraine's government, defence and security institutions, international organizations, media, research, and business leadership. Brings practical institutional knowledge, stakeholder navigation, strategic communications, information-environment analysis, and executive-level advisory - with particular depth in Ukraine's defence and national-security ecosystem.

Advised a Deputy Minister of Defence on strategic communications and helped shape a NATO-oriented communications architecture involving the Ministry, General Staff, and other security institutions. During the first months of the full-scale invasion, led a 10-person analytical team covering hostile narratives, disinformation, information threats, and psychological operations.

Areas of focus

Ukraine defence and security ecosystem | Government and stakeholder engagement | Strategic and crisis communications | NATO-oriented StratCom | Defence and dual-use market research | Information threats and narrative analysis | Executive briefings | Cross-institutional coordination | Research and team leadership

Current advisory and network leadership

Founder / Strategic Advisor | Bohun Defence | *2025 - Present*

- Developing an independent advisory practice focused on Ukraine's defence and dual-use ecosystem, international market access, strategic communications, investor and partner readiness, and stakeholder navigation.
- Build relationships across Ukrainian and European defence companies, investors, industry experts, media, and institutional stakeholders; conduct ongoing ecosystem research across UAVs, EW, electronic intelligence, unmanned ground systems, and adjacent segments.
- Established a commercial partnership relationship with Beyond Vision and was onboarded into its partner network to support commercial representation of the company's drone solutions.

Strategic Communications / Partnerships | K66 Project | *2026 - Present*

- Joined at the invitation of founder Volodymyr Berezhnyi to support strategic communications and partnership development.
- Contribute to positioning and relationship-building around critical materials, resilient supply chains, and international industrial cooperation across allied markets.

Head of Columnists / Expert Network | Novyny.LIVE, Medianetworks Media Holding | *Nov 2024 - Present*

- Conceived the expert columnists platform, developed its strategy, secured management approval, and launched it with product and development teams.
- Built and manage a network of 200+ contributors spanning business, government, defence, policy, academia, media, and civil society; personally lead contributor acquisition and relationships.
- Set editorial priorities across defence, economics, public policy, reconstruction, international affairs, and civil society, maintaining active links across Ukraine's policy and defence-tech communities.

Defence, government and international organizations

Strategic Communications Advisor | Ministry of Defence of Ukraine | *Nov 2021 - Jun 2022*

Advisor to Deputy Minister Hanna Maliar

- Advised Deputy Minister of Defence Hanna Maliar on strategic communications, narratives, organizational communications, and development of the Ministry's StratCom architecture.
- Helped design a framework based on NATO principles and practices, benchmarking approaches used by Estonia, Latvia, and Lithuania.
- Coordinated with Ministry departments, the General Staff, National Guard, and other security institutions on a common defence-sector communications architecture and its review through an interagency working-group process.
- Presented and discussed the proposed approach through a wider security-sector working-group process and coordinated with senior communications representatives across the defence and security ecosystem.
- Worked on alignment among strategic communications, public affairs, civil-military cooperation, and related functions; engaged U.S. Embassy representatives connected to the Ministry on NATO-related StratCom issues.
- Following the full-scale invasion, led 10 analysts covering Russian narratives, disinformation, information threats, and psychological operations; set priorities and oversaw analytical products and recommendations for the Deputy Minister.

Strategic Communications Advisor | Institute of Constructive Journalism and New Media / Parliamentary Defence Work | *Sep 2019 - May 2021*

- Supported MP Ihor Kopytin, a member of the Verkhovna Rada Committee on National Security, Defence and Intelligence, on strategic communications and stakeholder engagement.
- Participated in committee-related working groups and supported communications around defence reform, legislation, defence-industry issues, and procurement transparency.
- Coordinated with communications representatives across security institutions, including the General Staff, National Guard, Defence Intelligence of Ukraine, and other senior stakeholders.
- Worked with senior security-sector representatives, including Roman Mashovets, who later served as Deputy Head of the Office of the President for national security and defence matters.
- Helped organize strategic communications training for representatives of the Ministry of Defence, National Guard, and National Police.

NATO-Related Strategic Communications Capacity Building | Institute of Constructive Journalism and New Media / NATO Information and Documentation Centre in Ukraine | *Project work*

- Worked with the NATO Information and Documentation Centre in Ukraine, including Director Vineta Kleine and her team.
- Developed methodology and training programs on strategic communications for Ukrainian security institutions and supported participants in building communications strategies aligned with NATO-oriented principles.
- Supported training for representatives of the Ministry of Defence, National Guard, and National Police, combining institutional context with practical communications-strategy development.
- Combined program design, methodological development, stakeholder coordination, and training delivery.

Media Monitoring Expert | World Health Organization, Ukraine | *Jan 2022 - Dec 2024*

- Designed and built a daily media-monitoring and information-environment analysis system for WHO's Ukraine office.
- Produced daily reporting for the Kyiv office on Ukrainian news, emerging narratives, and information threats relevant to WHO communications.
- Interpreted developments in Ukraine's information environment rather than limiting the function to media clipping and monitoring.
- Provided communications recommendations based on identified narratives, risks, and information threats.

Humanitarian and research leadership

Co-founder & Operations Lead | TaKShtab NGO | *Feb 2022 - Nov 2024*

- Co-founded and operated a wartime humanitarian initiative that supported approximately 50,000 people over two years.
- Served as one of two core organizers responsible for strategy, operations, partnerships, and implementation; managed a team ranging from approximately 5 to 30 people.
- Delivered humanitarian assistance and grant-funded support programs with international partners including GIZ and the Black Sea Trust, a project of the German Marshall Fund of the United States.

Research Lead | Ukrainian Mothers During the Full-Scale War | *Three-wave longitudinal study*

- Conceived and led the study, supervised the sociological team and research process, and oversaw interpretation of findings.
- Developed practical recommendations that informed subsequent programming for war-affected and internally displaced women, including the TakTion recovery and integration initiative.

Executive, business and media leadership

CEO | Blitz-Inform Publishing House | *Nov 2017 - Aug 2018*

- Held full executive responsibility across P&L, operations, sales, distribution, restructuring, and commercial development in a company of approximately 300 employees and around 20 direct reports.
- Led restructuring during corporate transformation and M&A, managed key commercial relationships including Fozzy Group, and remained until the enterprise ceased operations following the ownership process.

Executive Director / Managing Partner, Europe | AdShot Creative Advertising Agency
Nov 2017 - Apr 2018; 2025 - 2026

- Led agency operations, creative production, commercial development, and client delivery during the earlier executive role.
- Returned as Managing Partner for Europe to support market entry, building senior relationships with major advertising groups and FMCG companies and securing the agency's first European client.

Additional leadership | Selected career history

- Editor-in-Chief, Business Magazine / business.ua (2014 - 2017) - led editorial and digital operations, content strategy, and business/economic coverage.
- Co-founder & Editor, TAK Publishing (2018 - 2022) - managed publishing and research activities and developed analytical materials.
- Co-founder & Creative Lead, Lovemarks Creative Studio (2008 - 2013) - led national campaigns, communications concepts, and brand strategy.
- New Business Manager, Kommersant-Ukraine (2007 - 2008); Copywriter / Communications Specialist, Marketing Technologies Bureau (2005 - 2007).

Academic experience and selected publication

- Lecturer, Institute of International Relations, Taras Shevchenko National University of Kyiv (2014 - Present) - teaches World Print Media at the Department of International Communications.
- Co-author and editor, Stockholm. Take or Pay - a book on Ukraine's legal and public-diplomacy story around the Stockholm arbitration involving Naftogaz and Gazprom.
